

Ryan Carrico

Sunnyvale, CA 94085 | (408-393-0715) | rsubd@protonmail.com

PROFESSIONAL SUMMARY

Detail-oriented data specialist with 25+ years in professional audio engineering, warehouse ops, and facilities management. 42 wpm/96% accuracy typist delivering error-free data entry in fast-paced settings. Seeking a remote role to leverage meticulous record-keeping and proprietary tech experience from the Bay Area home office.

REMOTE-READY SKILLS

- 46 wpm/96% accuracy (keybr.com; can retest live)
- Advanced Excel/Google Sheets (VLOOKUP, batch processing for 10k+ records)
- Python scripting for metadata automation (10k+ audio files tagged)
- HIPAA-compliant data handling (church medical forms, facilities logs)
- Quiet home office: gigabit fiber, dual monitors, noise-canceling headset

PROFESSIONAL EXPERIENCE

Freelance Audio Engineer & Data Manager

San Francisco Bay Area 2003 – Present

- Logged 10k+ audio assets with 100% metadata accuracy using Python scripts and Excel.
- Treated acoustics for International School of the Peninsula gym/classroom, analyzing RTA data to optimize speech clarity—30% improvement.
- Managed \$40k+ in sensitive gear inventories; zero discrepancies in 15 years.

Asset Protection Associate – Best Buy

Sunnyvale, CA 2017 – 2021

- Entered loss prevention data with 99.8% accuracy across 5k+ daily transactions.
- Streamlined reporting workflows, saving 10 hours/week in audit prep.

Facilities Manager – Water Earth's Treasure

San Jose, CA 1999 – 2003

- Maintained FDA-compliant logs for clean room ops; 100% audit pass rate.
- Built Excel-based schedules for a 5-person team, cutting maintenance costs 15%.
- Entered real-time TDS/HEPA/UV data, ensuring zero contamination errors.

Volunteer AV Technician – Church on a Hill

San Jose, CA (500 Sands Dr, 95125) 2003 – 2012

- Managed real-time data for live broadcast sync; zero errors in 2k-person events.
- Mixed on a 48-channel console for sermons, and live band, ensuring flawless audio for broadcast and recordings.
- Documented signal chains adopted as team SOPs.

Summer Facilities & Acoustics Crew – International School of the Peninsula

Palo Alto, CA

2007 – 2017

- Led classroom prep for 500-student campus: installed smart boards, painted, and reorganized layouts.
- Designed acoustic treatments for gym/classroom. Used RTA mic and pink noise generator with 30-band EQ—cut modal resonance and acoustic interference issues by over 40% on time and budget.
- Coordinated 10-person crew, finishing all projects 1 week ahead of schedule annually.

EDUCATION & CERTIFICATIONS

- Self-Directed – Python for Data Science (freeCodeCamp, ongoing)
- High School Diploma – Monta Vista High School Cupertino CA
